Organisation of Classes for 2016

This is the time of year when we begin organising classes for next year. We work as a staff to make a professional judgement about the best place for each child and if we have any reservations about a placement, we will contact the parents to talk it through.

If you have any information about your child that you would like us to consider when we organise next year's classes, please put this in writing to me or come in and see me by **Friday, 13th Nov.** Please note that it is not about requesting a certain teacher for your child but rather letting us know of any information about your child that you wish us to take into account.

I am also aware that family life changes so if you know that your children will not be attending St. Theresa's in 2016, please let me know as soon as possible, as these changes make quite a difference when planning classes.

If you know of families **intending to enrol** their children at St. Theresa's in the next two or three years, please encourage them to do so **as soon as possible**, as we are approaching our maximum roll. We do not want Catholic families to miss out on the opportunity to attend our school.

God Bless,

Lita Smith - Principal

Class of the Week - Room 10

This term our theme is how we can be **kaitiaki**. Our main focus is about the Porirua Harbour catchment and the impact of pollution and human activity on the environment. We will be out and about on a variety of field trips around the area, starting with a trip to Motukaraka Point and the Taupo Stream on Monday, 2nd November. If you are available to help us on our trip, please let us know as currently we are 4 adults short and your help would be much appreciated. Please join us all for our All Saints Day Mass TOMORROW at 9.30a.m. instead of Assembly.
