Welcome to Week 9 everybody and what a short week it is. I hope you all managed to enjoy a lovely Easter break with family and friends.

Thanks again to everyone for supporting the children's Easter Pageant on Thursday - it was a highlight of a very busy Holy Week for the school and another first that Father Maurice and I got to enjoy together.

Over the next few weeks we will be highlighting simple tips for you to help support your children with their Mathematics learning. These will be in line with our whole school professional development focus around Mathematics.

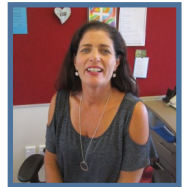

Just a reminder that we have our Cybersafety evening with Lee Chisholm from NetSafe on Tuesday, 5th April from 6.30p.m. - 7.30p.m. We have arranged to have children supervised in the Learning Hub so that both parents are free to attend. You are also most welcome to bring family and friends along as this will be a very informative evening.

I will be away today and Friday, attending the Wellington Catholic Principals' Conference and look forward to meeting many Catholic Principals and bringing back my new learning.

Enjoy this short week leading up to the Carnival next Saturday. Look out for our Carnival photo and story in the Kapi Mana next week.

Catholic Character

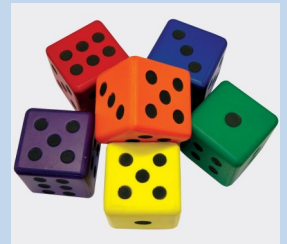

The Gospel reading for the 2nd Sunday of Easter tells us about Thomas, the disciple who had to see Jesus for himself before he would believe that He had risen. Like Thomas, we may doubt the news that Jesus, who was crucified and buried, appeared to his disciples. It is part of our human nature to seek hard evidence. However, it is through the gift of the Holy Spirit that we are among those who are blessed for we have not seen and yet we believe.

YouCubed - Tip #1

Advice from Professor Jo Boaler on transforming Maths for your children.

1. **Encourage children to play Maths games.** Award winning Mathematician, Sarah Flannery, reported that her Maths achievement and enthusiasm came from puzzles and games she was given to solve at home. Puzzles and games, anything with a dice, will help children to enjoy Maths and develop number sense, which is critically important.

Class of the Week - Rm 2

This year, Room 2 got to be in two parts of the Easter Pageant! Our buddy class, Room 9, invited us to join them in their scene and be part of the crowd. We were so excited and made sure we learned our words! We love spending time with our buddy class.
