### Manaakitanga - Kindness

He aroha whakatō, he aroha ka puta mai

If kindness is sown, then kindness is what you shall receive.

Over the past two years, the staff at St Theresa's have been undertaking professional development with a focus on child development and learner orientation, with a particular focus on the developing brain. We have attended sessions with Nathan Mikaere - Wallis and have been blown away, as a collective group, by the message and quality of his presentations, both from a parent and educator's perspective. We now have an opportunity for you all to hear this message from Nathan as he will be running a parent session on Monday, 16 April at Aotea College. Tickets are \$25 and will sell very fast so check the flyer attached to our email, for how to book. Please let me know if you are interested in attending and need support with anything from purchasing a ticket to babysitting.

Monday's whole school Athletics Day at Grenada North Park was a wonderful way to start the week. It was so lovely to see all the children participating in a range of activities, supporting each other and pushing themselves to try something new. Well done to those Year 4, 5 and 6 students who qualified to represent St. Theresa's at the Parumoana Athletics Day. Thank you to Trish and the staff for organising the children and adult helpers on the day and to all of our family/whanau who stayed and ran stations. Also a big thanks to Olympic Harriers Athletic Club for allowing us to use their equipment and to Juan McDonald for setting it all up and packing it away.

The Junior swimming display today had both the skill and cute factor. It was so wonderful to see the progress each child has made and reminds us how fortunate we are to have such a great resource on site. Thank you for sorting your children with colourful clothes and positive energy.

Our Minister for Education, Hon Chris Hipkins, is planning to undertake a full review of 'Tomorrows Schools' and the energy amongst educators across the country is very positive. In light of the Government's decision to get rid of the high stakes reporting through National Standards, we are in a perfect position to be reviewing our assessment practices. We focus here at St Theresa's on the whole child and fully embrace the New Zealand Curriculum in its entirety. Children learn at different rates and in a range of different modes. Please talk to your child's classroom teacher before seeking out extra support for their learning so as to ensure the messages they are receiving are aligned. Thank you for the continued, generous support for the Carnival - only 1 more weekend and 9 more sleeps to go!!!

### This Sunday's Gospel Fifth Sunday Lent

*This Sunday's Gospel prepares us to journey with Christ during Holy Week, reminding us that Jesus stayed focused on his purpose and gave glory to God by accepting suffering and death for our salvation. Jesus teaches His disciples and us that those who want to follow Him must serve others by thinking*

*about the needs of others before their own.*
